

First Impression and Grooming Standards

STANDARD - Develop strategies that promote human growth and development.

I can:

- examine personal actions and interactions that promote human growth and development.
- describe the process of making a good impression.
- evaluate the importance of cleanliness and health on making a good first impression.
- identify ways positive cleanliness and health habits can positively affect budgets.
- understand that personal actions and interactions influence day-to-day needs and wants.
- find examples of design elements in clothing affecting personal appearance.
- evaluate clothing for quality construction.
- illustrate clothing care labels.
- demonstrate proper clothing care.
