PROCEDURES FOR FACILITY USE

Hayfield Community Schools ISD #203 encourages the citizens of the district to use one of the community's greatest assets, the school building and facilities. The Hayfield Community School Board recognizes that the school facilities represent a highly valuable asset for the development and the enrichment of both school and civic life of the communities in the Hayfield School District. Cooperation is pledged by the school board in the promotion of activities, which appear to be in the best interest of the school district and community. It must be realized that there are costs involved in the use of facilities; and therefore, the following procedures are intended to deal with the use and expense in a fair and consistent manner.

 - a. Users agree to indemnify and hold harmless the district for any and all damages by any person or persons attending the event and likewise the school district against any and all liability including legal fees, and any and all damages to any person or persons.
 - b. Users agree to show evidence of insurance for activity.
10. State and local ordinances and laws pertaining to use of public buildings and facilities must be observed.

12. No rentals are accepted for longer than one year in advance for a single event or 4 months in advance for recurring events.
13. Renters with facility rental balances 30 days overdue will not be allowed to use or reserve additional facility space until the bill is paid in full.
14. ISD #203 reserve the right to deny access to any group based on prior actions of that group or pay history of which would not be in the best interests of the district.
15. The school district reserves the right to cancel or change dates in the event the facilities are needed for school and/or community education activities.
